

**Welcome to NYCHC's
Annual Bilingual Back to School Event
September 8, 2019**

Injection Demonstration (Hemlibra) (in English)

Speaker: Johanna McCarthy, RN - Mt. Sinai Hemophilia Treatment Center

Johanna McCarthy, RN from Mt. Sinai HTC will give a demonstration of a Hemlibra-style injection for those interested in learning how this therapy is administered. This is only a demonstration and not a training, and that no actual injections will take place.

Infusion Training (Entrenamiento de Infusión)

Session Presented by BDRN (presented in English with Spanish translation available), Sesión presentada por BDRN (presentado en inglés con traducción al español disponible)
Presentador/Speaker: Hope Woodcock-Ross, RN, BSN

Learn how self-infusing can benefit you and your family. Hope has volunteered for the National Hemophilia Foundation's Nurse Working Group, the Bleeding Disorders Association of the Southern Tier, Camp High Hopes, Camp Little Oak, and Family Camp in upstate New York.

Aprenda cómo la autoinfusión puede beneficiarlo a usted y a su familia. Hope se ha ofrecido como voluntaria para el Grupo de Trabajo de Enfermeras de la Fundación Nacional de Hemofilia, la Asociación de Trastornos de Sangrado de Southern Tier, Camp High Hopes, Camp Little Oak y Family Camp en el norte del estado de Nueva York.

Transición a la escuela y planes 504

Sesión presentada por BioMatrix (en Español)
Presentador/Speaker: Kelly Gonzalez, MBA, MAEd

Este programa proporciona información a los padres sobre sus derechos educativos, leyes y proporciona orientación paso a paso, incluida información sobre el establecimiento de un Planes 504.

Lunch Panel: Participation in Sports

Session Sponsored by Takeda

Offering multiple perspectives from parents, coaches, teen athletes, and adult athletes.

Nutrición en trastornos Hemorrágicos

Sesión presentada por Kedrion (en Español)
Presentador/Speaker: Yolanda Ana Santos, RD

La Dra. Ana Santos es especialista en nutrición y tiene dos hijos con hemofilia. El Dr. Santos hablará sobre tener hábitos alimenticios saludables y mantener una dieta adecuada, y lo importante que es esto para los niños con trastornos hemorrágicos.

The Science of Hemophilia – A Changing Landscape

Session Presented by Genentech (in English)

Speakers: Cristie Vidal, ARNP-C, MSN, MEd, CHC Hemophilia Community Clinical Educator

The event will explore what happens in people with hemophilia A and in people with inhibitors. We'll also scientifically explain hemophilia A and how the body forms blood clots.

Evaluando sus opciones de seguro medico

Sesión presentada por Sanofi Genzyme (en Español)

Presentador/Speaker: Edgar Vega, CoRe Gerente, Sur de California y Hawai

¿Necesita ayuda para comprender todas sus opciones de seguro para asegurarse de seleccionar la cobertura de salud adecuada para usted y su familia? En esta presentación, analizaremos los diferentes tipos de planes de seguro y definiremos una terminología importante que lo ayudará a evaluar las opciones. También lo ayudaremos a descubrir todas las consideraciones importantes para que esté mejor preparado para seleccionar su plan.

Making the Grade

Session Presented by Takeda (in English)

Speaker: Jean Marendola, Senior Clinical Specialist

This program will help you open the lines of communication with your child's school, identify roles and responsibilities to help manage your child's health, and understand laws that ensure students with a bleeding disorder have equal access to education.

TEKIntellect (Robotics Model-Building with LEGOS) (Session Presented in English for ages 6-12)

In this session, participants are exposed to robotics and its wonders using their engineering abilities, their imagination and creativity. The children will be amazed by the wonders of Robotics, enjoy creating things, love getting answers for their logical questions and experience hands on learning utilizing multi-sensory experimentation.

Improvisation Show with Deb Rabbai (Session Presented in English for ages 13-18)

Deb Rabbai is an improviser, singer, teacher, corporate facilitator, actor, and voice actor who has been working in these mediums for twenty-five years. She is the co-artistic director and a performer in "Broadway's Next Hit Musical," an improvised musical comedy awards show. She had toured internationally with this show for eight years, and she's ready to make us all laugh!

NYHC would also like to thank these sponsors for their generous contributions to this event:
