

5th Annual In The Know Treatment Decision Making Summit

10:00 AM - 10:30 AM The Great Treatment Caper

Put on your detective hat for this thrilling mystery challenge! Work individually or team up with others to solve clues, uncover resources, and crack the case of bleeding disorder treatments. Will you be the one to solve the mystery before time runs out?

10:30 AM - 11:15 AM Keep Painting Your Story

Express yourself in this creative session focused on defining your treatment goals and visualizing your future. Through artistic expression and guided discussion, you'll create a personal roadmap for your bleeding disorder journey while connecting with others who share similar experiences.

11:30 AM - 12:00 PM Clotting Fun with A Marble Run

Ever wondered how blood clotting actually works? In this hands-on team activity, you'll build an exciting marble run that demonstrates the clotting cascade in action! Perfect for visual learners of all ages, this session makes science accessible and entertaining.

12:00 PM - 12:45 PM Lunch and Health Policy Update

Enjoy a complimentary lunch while learning about critical healthcare policy developments affecting our community. Discover what's happening at both federal and state levels and find out how you can make your voice heard to protect access to care and treatments.

1:00 PM - 1:45 PM New Treatment Horizons with Dr. Walsh

Don't miss this opportunity to hear directly from Dr. Walsh about cutting-edge treatments now available for hemophilia and VWD! Get a sneak peek at what's coming in the treatment pipeline and bring your questions for this informative Q&A session.

2:00 PM - 2:30 PM Lifted by Community: Kite Building

End the day on a high note by creating your own custom kite to celebrate World Hemophilia Day! This uplifting activity symbolizes how our community supports each other while providing a beautiful keepsake to display your bleeding disorder pride.

BONUS for Teens: Ping Pong and UNO Tournament throughout the day!
